Re: notice on suspension of issuance and control of trekking information management system (TIMS) card to prevent COVID- 19

COVID-19 has turned out to be a global pandemic. At this moment of crisis and following the series of decisions of Government of Nepal to prevent possible spread of COVID - 19 in Nepal. As per decision of Nepal Tourism Board to suspend Issuance of Trekking Information Management System (TIMS) Card for the trekkers for various trekking areas in Nepal, all the TIMS card issuance counters and monitoring/controlling check posts shall remain closed effective from 12:00 pm local time Friday, march 20, 2020 until further notice.

We hope that the strict precautions to be taken by all the public, concerned stakeholders, trekking agency members and incoming/outgoing foreign trekkers/travelers in Nepal will further help the decisions of Government of Nepal to prevent the possible spread of this global pandemic COVID-19 in Nepal.

Thank you for your co-operation.
